

Occupational Safety and Health Week 2017

"Safe Workplaces Are Productive Workplaces"

Cultivating and maintaining good occupational safety and health practices is everyone's responsibility, it is a national issue confronting all workplaces.

During Occupational Safety and Health Week, July 2nd to 8th, 2017, the Labour Department encourages all workplaces to plan activities designed to heighten safety and health awareness within their organization. Call 535-1523/4 and tell us your plans. We may be able to assist with promotion.

Safety Committee Inspections

PPE Demonstrations

Share OSH Tips

OSH Lectures

Healthy Foods Day

Emergency Drills
